- Disciplinary action is taken against staff who transgresses this policy.
- Always correspond with a Staff member via Reception or school email. Address all email correspondence to [admin@brightstarteducare.co.za](mailto:admin@brightstarteducare.co.za). Our Manager tracks all email communication.
- Staff are not encouraged to use their personal emails as this is often abused by parents.
- A quick message to the teachers may be written in the message book. This is checked daily by the teacher and the message conveyed to the necessary parties.
- Any concerns that you may have MUST first be addressed with your child's teacher. You are welcome to set up a meeting or a suitable time to give her a call. Thereafter, if the matter could not be resolved, you may request to address it with the Manager. If the matter is still not resolved, it will be escalated to the Principal and owners.
- The school Whatsapp line is only utilised to send broadcast notifications out to parents and not as a chat platform. Please use the email address, telephone or mobile number to contact the school or alternatively, you can send a message to your child's teacher in his/her message book.

### 3. Calendar

## 10. **Hair policy**

- Hair must be washed regularly, kept free of nits and lice, and must be neatly styled. If nits or lice are found, children will be sent home. Check your child's hair regularly.

## 11. **Sick children**

- Children who are unwell need to be kept at home.
- We do not have the facility to take care of a sick child. This will prevent teachers and other children from being affected and causing more absenteeism.
- This includes a temperature, vomiting, coughing, runny nose, headache, a runny or painful stomach, pink eye, etc.

- Learners are encouraged to exercise independence and responsibility.
- Should any school rule be transgressed, the learner is reminded of the rule.

- Should the transgression continue, the learner is removed from the situation and spoken to. A time away from the other learners might be needed to think about their behaviour or to calm down.
- We encourage peer mediation.
- Parents are informed of any transgression/s and sometimes it necessitates a meeting with parents and a plan of action to be carried out at home in order to rectify persistent unacceptable behaviour.

15. **Prospective parents**

- Park considerately.
- Drive cautiously when in the vicinity of the school.

*Please take the following into account in order to minimise the possibility of theft:*

*Keep valuables at home. If you must send valuables to school, hand them in to the Manager/office for safekeeping. Their safety cannot be guaranteed at school.*

# Disciplinary:

- If the ground rules are consistently followed and positively reinforced, the necessity of external discipline will be diminished. When such external discipline is deemed necessary, the following guidelines will be observed:
  - Rules are stated on the child's first day of school.
  - Daily reminders are given, if necessary, to the group as a whole.
  - Inappropriate behaviour is stopped by the Teacher or Assistant.
  - If possible, work/activity is offered as preferable to isolation if the child appears to be 'in control'. However, if the child needs to regain control, he is isolated from work/classroom activities for a short time to re-think his/her behaviour; the child is then asked if he/she is ready to return to the class.
  - Problem solving skills are reinforced as well as suggestions for alternative behaviour choices.
  - Continued misbehaviour may mean the child is isolated from the group with adult supervision.
  - Parents will be called to discuss the child's continued behaviour.
  - Parents will be called to take the child home immediately should aggressive uncontrollable or defiant behaviour persist. A conference will follow.
  - If the inappropriate, unwanted behaviour persists, suggestions will be made that an alternative school may better meet the needs of the child in question.
- Policy regarding biting:
  - Biting is normal behaviour for some toddlers.
  - Toddler bites are not intentional.
  - Our staff supervises closely at all times and everything possible is done to keep all the children at our school safe and secure.
  - Just as falls and other minor mishaps cannot always be prevented, neither can all bites.
  - Injury reports are completed on all bites that leave a mark and other mishaps.
  - The parents of the children involved are informed of the incident.
  - When older children bite intentionally, the above disciplinary guidelines are followed.

Parents who have further questions about biting are invited to discuss the matter with us.

# Code of conduct:

In order to provide students with the positive and safe learning environment that they need and deserve, everyone at Bright Start Educare is expected to follow a code of conduct.

- Students must respect the rights and property of others.
- Students are expected to follow the classroom behaviour guidelines and routines.
- Physical and verbal abuse is not tolerated at Bright Start. Any student who physically harms another student, verbally abuses, or uses any form of intimidation will not be permitted to continue at Bright Start.

Bright Start Educare is a community of students, teachers, administrative staff and parents whose common goal is to provide the best educational and loving environment to every student in a positive, encouraging and safe environment. Only in a positive and nurturing environment can a student achieve their full potential.

Notes to the parent:

## 1. Prepare your child

- Prepare your child for their first day of school by talking to them about their new school, the new friends they'll make, and the exciting new things they'll get to work with.
- It is also a good idea to read school going stories to them.

## 2. Positive Behaviours and Attitudes

- Modelling positive behaviours and attitudes plays an important role in the success of the first day of school, and the weeks thereafter.
- Keep discussions about preschool positive, and focus on things that your child is likely to enjoy. Children pick up on parent's feelings, behaviours, and emotions, and are likely to emulate them if you are feeling upset or uncertain.

### 3. Contact us

- If you are feeling nervous about your little ones first day, please feel free to contact us telephonically. We are happy to answer any questions you may have, and provide with emotional support in the lead up to your child's first day with us.

### 4. Your Child's First Day of school

- Morning Routines
  - Establish a positive and happy morning routine for preschool days.
  - This may include encouraging your child to pack their own school bag and talk about the day ahead.
  - In addition, always give yourself plenty of time to get ready and arrive on time. Feeling late or rushed can cause children to feel extra anxiety.
- Arriving at school
  - To ensure that your child receives the greatest benefit from the daily program, it is important to arrive before 8:30am.
  - Once you have arrived, hand your child over to the teacher on door duty, allow them to walk in and carry their own bag and say goodbye.
- Saying Goodbye
  - Establishing a consistent goodbye routine typically aids in better luck with successful goodbyes. Take a special moment with your child to say goodbye. Some of our current parents go with a simple kiss and a cuddle. Whereas others have established a 'secret/special' handshake. A special goodbye is a great way for your child to start their day feeling happy and reassured.
  - When it is time to leave, don't linger in the classroom, or stay for "just one more minute." The best thing you can do is give your child a hug and

a kiss at the door, let them know you love them, and re-assure them that you will be back in the afternoon.

- Pick Up Routine
  - It is important to be punctual when picking up your child. It is easy to lose track of time, but no matter who is picking your child up, always be on time. If you are late, it can cause your child to feel more anxiety, and makes drop off the next time much harder.

#### **5. Positive Daily Reflections**

- On the way home, establish a routine where you talk to your child about their school day.
- Focus on the positive aspects of their day, such as their favourite activity, or playing with friends.
- By consistently reinforcing the positive aspects of their school day, your child will learn that their new environment is a fun and happy place, and their feelings of anxiety will decrease over time.

#### **6. Helping your child**

- Your child's basic need which allows him/her to develop socially, emotionally and physically are summarized below
  - Love, warmth and security
  - Physical contact, closeness- a smile, a kiss or a hug are vital for development
  - Sensible rules and limits that are enforced fairly and consistently – always try and give a simple uncomplicated reason
  - An orderly environment, regular routines, healthy eating and sleep patterns
  - Honest praise and encouragement – it will help the child feel good about him/herself and will motivate learning
  - To do things with adults and other children- a child should be made to feel that he/she is an integral part of the family.

- To be treated with respect and understanding – a child's ideas should be shown to be worthy of consideration and he should feel that he is completely understood.
- To stimulate a 'user- friendly' environment. See to it, if possible, that the child's surrounding is geared to his size. Cupboard handles, pictures, shelves, etc, in his/her room should be at an appropriate height. Books, toys and other activities should have a proper home to which the child should return them after use. The child should have the use of a step in the bathroom to allow access to the basin, towel rail, etc.
- Allow your child to help with the household chores, shopping, cooking, cleaning, gardening, etc. allow your child to share your interest in hobbies and pastimes.
- Read to your child as often as possible
- Teach your child to care for animals, plants and books and take responsibility for them
- Most important of all, if you are experiencing problems with your child's development or character, medically, educationally or whatever, ask for advice, as all of us must work together to help our children develop into happy, fulfilled human beings

#### **7. Points to remember**

- Dress
  - We recommend flat-based, rubber soled grip shoes. Slippery shoes and raised heels are hazardous and are therefore not allowed.
  - We discourage super hero clothing as it promotes wild behaviour.
  - Please send your child with rain boots during winter. An old pair of slippers may be kept at school and worn in the class.
  - A spare set of clothing also needs to remain in your child's locker or bag in the event of him/her spilling water or dirtying themselves.
- Bedding
  - All learners who nap at school (aftercare learners) are required to send in a fitted sheet and blanket for nap time. This is send home every Friday to be washed and should be sent back to school every Monday.

- Toys
  - Children are not allowed to bring toys to school unless required for an activity.
  - Please note that if a toy is brought to school, it will be confiscated and handed to the parent or adult who collects the child.
  - Staff cannot be held responsible for loss or damage of any toys.
- Health
  - It is the parent's responsibility to inform the school if the child is ill.
  - If a child becomes ill during a school day, the parent/s will be notified and the child needs to be collected promptly as the school has neither the personnel, nor space, to care for a sick child.
  - Parents are responsible for keeping the school informed about the emergency telephone numbers.
  - Please do not send any medication to school, as those in need of medication are ill and need special care at home. Except under extraordinary situations, we prefer not to administer medication.
  - Lice -Please inform us immediately if you discover that your child has hair lice. It is not something to be embarrassed about, but more something that needs to be stopped. Your child cannot come to school until all the lice and the nits have been removed. We do try to do regular checks on the children's hair and ask that you please do the same at home.

#### Snack

- A cooked breakfast and lunch is provided to each child every day. You will receive a monthly menu of what is being served for lunch via email.
  - Your child stays till 14h30 it is required to pack in a snack for 10am. Or if your child will attend aftercare, please pack in extra snack for when they wake up from nap time and for 16h00 snack time. Please consult the ideas on the 'snack suggestions' list.
  - If your child brings a yoghurt, please pack in a spoon
  - No chips, chocolates and sweets allowed. These are reserved for outings.

- Outings
  - Children need to be dressed in the school uniform (available at school) and closed shoes on outing days or school visits.
  - The snack needs to be packed in a clear bag marked with their name. (no yoghurts and lollipops) Sweets, chocolates and chips are allowed.
  - We insist that all children be strapped in during transportation.
- Themes
  - Each week we have a theme /themes, which we discuss during circle time.
  - We ask that you please send items or books with relevance to the theme to school.
  - We also try and keep the outings related to it, however this might not always be possible.
- Birthdays
  - We celebrate each child's birthday at the school on the day (or the day closest to it) with a small birthday ring ceremony.
  - You may send cupcakes/muffins and/or party packets to school.
  - Party packets are sent home with each learner and not eaten at school.
- Child behaviour
  - Being at school your child is now exposed to many more external influences and experiences.
  - We have had utterances of bad words on a few occasions. It is definitely discouraged and the undoing of this usually takes some time.
  - Sometimes we are not aware of the 'tales' being carried within groups of children; so please inform us if there are any concerns

8. Bright Start Educare has the right to terminate any contract between parent(s) and Bright Start with immediate effect if Annexures A, B, C, D are not adhered to that may directly affect the school or its teachers from being able to adequately or successfully

carry out the schools aims, functions and objectives. Or in the event of any parent(s) making use of any form of abusive, offensive, defaming, intimidating language and/or actions that may be directed at any staff and/or management and/or owners and/or learners of Bright Start Educare.

- DO watch younger siblings when at the school, in terms of their disturbing our prepared environment and also for their own safety
